

Team Leader – Monitoring Consultant of the Output and Performance based Road Contracts (OPRC) in Liberia

Programme overview

IMC Worldwide is required to fill a vacancy for the Monitoring Supervision of the OPRC-Asset Management project – Civil Works for Lot 2: Gbarnga – Ganta – Guinea Border Road (69kms). The Government of Liberia has received the assistance of the World Bank and other donors for the Implementation of the OPRC Project on one of the main road corridors within the Country.

The primary objective of this project is to increase the efficiency and effectiveness of the management and maintenance of its road network. This will be achieved by the introduction and operation of the Output and Performance based Road Contracting (OPRC) methodology for the Road Asset Management, which is a relatively new concept adopted in order to increase the efficiency and effectiveness of road operations within a life span cycle. This World Bank funded project started in Feb 2014 and completion is in Feb 2024.

The role

We are seeking to identify a highly experienced and qualified Team Leader to fill our current vacancy, who will lead and deliver this large, OPRC based contract on a full-time basis. The Team Leader will be responsible for the overall management of the roads including rehabilitation, routine and periodic maintenance works.

Skills and Expertise:

Essential:

- Qualified and registered professional engineer
- Academic degree in Civil or Highway Engineering with a Master's degree.
- 15+ years' professional working experience in supervision of road construction/rehabilitation/OPRC Contract/maintenance and/or experience in highway design and contract administration.
- Minimum 7 years of experience as Team Leader on supervision of road construction/rehabilitation/maintenance projects
- International work experience and have worked in developing countries
- Ability to manage and administer road construction contracts under OPRC General Conditions and/or shall have experience managing PPP and/or DBOMT and/or DBT and/or DBOT projects
- Full command in written and spoken English
- Excellent communication skills
- Conversant with Microsoft office and M.S. Project

If you are interested in being considered for this role, please submit your CV for consideration to consult@imcworldwide.com with Team Leader – Liberia OPRC in the subject line. Please include details of your current and upcoming availability and an indication of your anticipated monthly fee rate.

The closing date for applications is **1st February 2018**.

Please note that applicants will be reviewed on a rolling basis. A candidate may be selected before the closing date.
